

LEISURE SERVICES DEPARTMENT

The mission of the Leisure Services Department is to, "Create quality of life and community through people, parks and programs."

MASTER PLAN

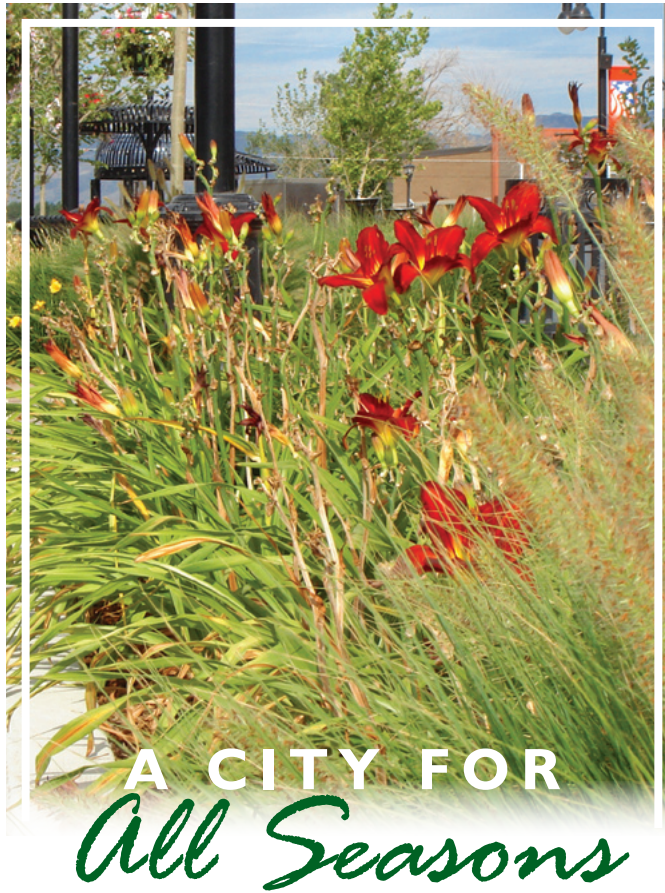

In early 2007, South Jordan City, with the assistance of GreenPlay, LLC a nationally respected Parks and Recreation consulting firm, completed its first comprehensive Parks, Recreation, Trails and Open Space Master Plan. The Master Plan preparation process included a community participation process through various public meetings and a statistically valid community survey. In addition a complete park, facility and program inventory and analysis (GRASP) was completed. This Master Plan will serve as a strategic planning tool for the next 3-5 years and provide short-term direction in tools to create annual capital and operational goals. The entire Master Plan document is available on-line at www.sjc.utah.gov for public review.

LEISURE GUIDE

The Leisure Guide is a quarterly insert in the South Valley Journal. Important class/program and schedules are listed. This information can also be viewed online at www.sjc.utah.gov
